

Serj Sangara Bio

A lifelong avid baseball enthusiast, Serj has devoted most of his adult life to “the love of the game”. From his start by coaching Richmond Bantam in 1989, attaining the Silver Medal in 2012 as the **Head Coach of the BCMBA Midget SELECTS team**, to implementing TDC’s **“Just Play Ball” Program in 2016**, Serj has a genuine love for everything baseball. With his eventual involvement with ***The Ballyard at Sports Central***, he not only became part of a facility that allowed teams to practice their skills and grow, but to help many others really get the “FUN-damentals” part of the game fully understood. When he isn’t engulfed in the baseball world you can find him practicing his golf game, travelling to (baseball rich) Arizona or of course letting loose on the dance floor.

Presently:
